## THE ATHLON® CENTER X RETICLE

Athlon's Center X Reticle is a perfect choice for shooters wishing to have a clear field of view with a more traditional cross-hair. The Center X reticle allows shooters to quickly view their target while maintaining one distinct aiming point on their reticle. The heavy posts stand out nicely against cover and in twilight conditions, pointing boldly to the intersection.

For 3-12x50 reticle subtension is valid at 12x.  
For 4-16x56 reticle subtension is valid at 16x.

**Application:** Hunting
